7506483883

Software developer

Mumbai, Maharashtra, India.

I am an enthusiastic and optimistic software developer with experience at Digital Business Technology Pvt Ltd. My technical skills include JavaScript, ReactJS, NodeJs, JSX, Bootstrap, TypeScript, and Next.js for front-end and full-stack development, with expertise in ORM with Prisma and API testing using Postman. I am a fast learner seeking a challenging role to leverage my coding skills and contribute to innovative projects.
